Intraceuticals Oxygen Infusions are a luxurious marriage of state-of-the-art oxygen technology and restorative relaxation. *The Intraceuticals System uses therapeutic grade oxygen under pressure to infuse a skin specific cocktail of hydrators, essential vitamins, botanicals, antioxidants and amino peptides to the deeper layers of the skin.*

*The result is luminous, unparalleled hydration and visible, age defying results. Rehydrated, plumped up skin in less than an hour will set this treatment apart from any other facial treatment you've experienced.*

### Limited Space Available

1 hour skincare session w/Machael

Includes: Skin Analysis, Oxygen Infusion,  
Hyaluronic Layering skincare recommendations.

**Launch Price of \$99 – one day only**
